

OBITUARY.

Constantine Rossetti.

VIENNA, April 20.—Constantine Rossetti, Roumanian poet and statesman, is dead, in his seventy-first year. Constantine Rossetti achieved note both as a poet and revolutionary writer. Born at Bucharest, he served in the militia two years, and then in 1838 devoted himself to letters. He translated Byron, Voltaire and Lamartine, and in 1840 published a collection of native verses and songs. He was Chief of Police of Pitești in 1842 and Prosecutor of the Civil Tribunal of Bucharest until 1845. That year he went to Paris and married Mary Grant, an Englishwoman. Returning to Bucharest in 1846 he opened a book store, and the same year was elected a member of the Roumanian Revolutionary Committee. He was arrested June 9, rescued by the people the next day, and fled to Paris. He was arrested again by the police of the city, and was sent to the Ministry of the Interior. At this time he founded his democratic newspaper, the *Norse of Roumania*. Being sent to the Camp of Fand Effendi to protest against the organic rule, he was arrested with his companions and transported to Orsova, whence he was rescued by the heroic efforts of his wife. Taking refuge in Paris, he remained eleven years, publishing books and papers supporting the cause of his country. In 1861 he was made Minister of Public Instruction and Worship at Jassy. November, 1876, he was elected President of the Chamber, and with M. Bratianu induced Roumania to declare her independence and to enter into an alliance with Russia to make war on Turkey. In 1878 he was nominated Minister of the Interior, holding that position till August, 1880.

Rev. Dr. Taylor.

ALBANY, N. Y., April 20.—Rev. Dr. Taylor, whose centennial birthday was celebrated on December 17, last, died here yesterday. He was born in Ipswich, N. H., and was the oldest graduate of Dartmouth College, of the class of 1820.

A MISSING RECEIPT.

It is Found After Remaining in the Water For Over a Year.

HULLFAX, April 20.—A romance has come to light connected with the ill-fated steamship, *Daniel Steinhagen*, which was wrecked at Sambre, a year ago, when 124 lives were lost. Previous to his leaving home, Peter Anders Michelsen, one of the passengers, deposited \$39,570 and some valuables for safekeeping with one Herschfeld, of Haale, Denmark, and took a receipt therefor. Probably imagining that no legal evidence would ever be forthcoming that he had the money, Herschfeld refused to return it to the dead man's relatives. Thereupon the Danish Foreign Minister communicated with Mr. Tobin, the Danish Consul at this port, requesting him to spare no efforts to find the receipt. The bodies and wreckage washed ashore from time to time have been carefully searched and the divers, who have been working on the wreck for the past year, have kept a sharp lookout for the missing document, but all without success. Recently a small raft was washed ashore containing a number of letters and papers. These were returned over to the Consul. They were water-soaked and the writing almost obliterated, but among them was the long looked for receipt, which, after much difficulty, Consul Tobin deciphered and translated. He has cabled the good news to Copenhagen.

INQUEST

On the Remains of Preller, the Southern Hotel Victim.

St. Louis, April 20.—The inquest on the remains of Preller, the Southern Hotel trunk victim, was resumed this morning. Bauman and Barner who met Maxwell on the train the night he left St. Louis were examined, but nothing new was elicited. William Roach, of St. Louis, the next witness, recognized the photograph of Maxwell as that of the person whom he knew fifteen years ago as Walter Maxwell. He knew him at Cleveland College, Northampton, England. His father was the owner of large potteries there and was very wealthy. He did not believe Maxwell was a physician but thought he had tried to pass examination and failed. His brother was a physician. Both were very eccentric. Maxwell was never given to study, as he had too much money and was given to going on spree. "Witness saw him last in 1870. There was a cousin of his named Walter Lennox Maxwell. Witness believed Maxwell assumed his cousin's name. Chief of Detectives Burk and Captain of Police Fruchte were next sworn, but their examination covered ground already known. The inquest was then adjourned until to-morrow morning.

Rushville Notes.

SPECIAL TO THE SENTINEL.

RUSHVILLE, Ind., April 20.—Old John Robinson's show exhibits here to-morrow.

Tight-rope walking by W. L. Davidson was one of our public amusements here Saturday. John F. Scanlan, one of our prominent grocers, will bring home a fair damsel of the capital city Wednesday to reside over his new and elegantly furnished residence just furnished. May the union be a happy one is the wish of his numerous friends.

Walter Wentworth, the famous "Lumber Jack" and boneless man, performed some of the most difficult feats at the Boyd & White Rink Saturday night ever attempted before in this place.

The growing wheat crop of Rush County is greatly damaged by late freezes and dry weather.

The failure of Maddux Bros., of Cincinnati, will not affect the standing of the Rush County National Bank in the least. Lewis Maddux was formerly a large stockholder in this bank but recently transferred his stock, which was about \$25,000, to Oliver Posey and Wm. T. Braun.

Sensational Tragedy.

CHATTANOOGA, Tenn., April 20.—A bloody and sensational tragedy occurred at Okdale Junction, near this city, yesterday. Pat Cain, an engineer, and Jim First, a noted desperado, went to a saloon, and while there became engaged in a bitter quarrel. First finally drew his pistol and shot Cain through the breast. As the latter was falling Cain fired at First, the bullet taking effect in his abdomen, causing a fatal wound.

"One-Kared Bill" to be Rewarded.

WASHINGTON, April 20.—Lieutenant Scheute will take with him a gold medal to present to Vasilii Bobrowsky, alias Vasilii Kooligort (One-Kared Bill), when he leaves here to distribute rewards to the natives in the vicinity of the Sena River who aided in discovering DeLong's party. The native to be

honored with the medal discovered the party in charge of Melville. He was given his alias because of his having but one ear. The medal is about the size of a silver dollar, and contains on one side the words: "Presented by the President of the United States." On the other side the name of the recipient will be inscribed.

MEXICO'S MYSTERY.

A Strange Midnight Prowler That Scared the Colored Citizens.

MEXICO, Mo., April 19.—People who were abroad late last night and early this morning in East Mexico were nearly frightened out of their senses by a strange and peculiarly horrible looking creature, which is claimed by those who say they saw it, to resemble in height a colt, having a slim body like that of a wolf, very fleet of foot, with cloven hoofs, and eyes that resemble balls of fire. Since the scare last night various parties claim to have seen it, and all agree that it bears a form strangely out of shape to anything they ever witnessed. Between 12 and 1 o'clock this morning a party of colored people who had been out late attending church came down liberty street pell mell and shouting at the top of their voices, as if for dear life, calling loudly for help. A number of residents of the neighborhood were awakened, and went out to investigate. Only two or three of the colored people could be induced to stop, and they related a strange story. Barney Griswold said the frightful creature came upon them suddenly near the Union Depot. The night was densely dark, and its eyes gave forth streams of light which paralyzed them with fear. They at once made off at a rapid gait, closely pursued by the object, the hoofs of which could be distinctly heard rattling upon the sidewalks. Rich Phillips, another one of the party, gave a similar description of it, and said he was positive the creature came upon them from the direction of the "ghost district," so called from its close proximity to the haunted hill.

A number of reliable white persons who reside in East Mexico say that for more than a week past a strange animal of peculiar shape, with glaring eyes, has been roaming around at large and nightly frightening people. Two valuable dogs on the premises of Mr. S. P. Ragdale were killed outright by the beast a few nights since. An investigation showed that it had passed the night in a neighbor's stable. What it is and where it came from no one can tell. Its appearance certainly is a mystery which our citizens will to-night investigate. No one in East Mexico cares to be out after night, for fear of coming in contact with this dreaded object. It is thought that an investigation will disclose the fact that some animal, not familiar to the eyes of the people hereabouts, has either escaped from a menagerie or found its way into the town from the hills of Boone or Galloway. The beast was seen at night by a number of white persons, who say it crossed over on to Promenade street, after it gave up chasing the darkeys.

IN A BED OF WARM TAR.

Trouble Between Field and Leiter in Chicago Which Results in a Riot.

CHICAGO, April 18.—A dispute has long been pending between the millionaires, Leiter and Field, over a little strip of land, corner of LaSalle and Monroe streets. To-day the affair got into the Police Court. Since the date when Marshall Field and his partner in the great dry goods house made up their minds that they could get along without Leiter, the relations between the two seniors have been strained. There was a division of assets including real estate, but ever since then there have been disputes innumerable over "party walls," "boundary lines," and other details. Mr. Field owns the valuable lot at the southwest corner of LaSalle and Monroe streets. Mr. Leiter owns the one next to it, on which is the Ballville insurance patrol building. Mr. Field needed tremendous foundations for the ten-story structure he proposed to put up, and there Mr. Leiter had him. Mr. Field needed to get under Mr. Leiter's building. Mr. Leiter said he couldn't. To-day T. Benton Leiter, the millionaire's nephew, was on the ground to prevent Mr. Field's contractors from undermining Mr. Leiter's building. Half a dozen policemen were also there, but acted only as spectators. A riot ensued between the opposing factions. Young Leiter was picked up bodily by a stalwart workman and landed in a bed of warm tar. Warms were sworn out. Field's contractors were dismissed by Justice Harmon, and young Leiter, who was also arrested, was dismissed with costs.

Consecration Services.

BALTIMORE, April 19.—Monsignor A. J. Glorienz was to-day consecrated in the Cathedral, in this city, as Bishop paribus infidelium and Apostolic Vicar of Idaho. The rite was conducted with all the cere mony and pomp possible. Archbishop Gibbons was the consecrator. Revs. B. J. McManus and A. Boyer were master of mass, and Rev. G. W. Devine deacon of mass. The assistant consecrating Bishops were Gross, of Savannah, and Moes, of Covington, Ky. Bishops Brondell and Keane were also present. Archbishop Gibbons wore the rich pontifical robes which made him so conspicuous in the session of the Plenary Council. Bishop Keane preached the sermon, taking for his text the parable of the good shepherd. The new Bishop is a native of Belgium, forty-four years of age.

Whitewater Presbytery.

SPECIAL TO THE SENTINEL.

CONNEKTVILLE, Ind., April 20.—The three days' session of the Whitewater Presbytery in this city closed last night. About forty clergymen, representing eleven of the Southern Indiana counties, were in attendance, and important church, Sunday-school, educational and missionary business was transacted. The various pulpits of the city were occupied by the visitors yesterday. Dr. Robert Schless, of Greensburg, preaching at the M. E. Church; Rev. Hughes, of Shelbyville, at the Presbyterian Church, and Rev. W. A. Erwin, of Aurora, at the Christian Church.

High Wave Caused by a Water-Spont.

LARDO, Texas, April 19.—A wave eight feet high came rushing down the Rio Grande this morning with terrific force. It carried away the line bents of the Mexican National Railroad bridge. In a few hours the river rose two feet, and then rapidly ran down. The rise resulted from a great water-spout, which fell some miles above the city. A large quantity of drift indicates great destruction of ranches property above.

Iron and Steel Workers.

PITTSBURGH, April 20.—It was learned to-day that the Amalgamated Association of Iron and Steel Workers, at their scale convention here on Saturday, instructed the Conference Committee appointed to meet a similar body from the manufacturers' side

to demand \$5.50 per ton for bolting, and to allow a reduction from the present scale of wages in some of the finishing departments. If this can not be obtained, and the committee is firmly convinced by the manufacturers that the iron trade will not warrant that scale of wages, they were instructed to accept a reduction of 10 per cent. all around. If this offer is rejected a strike will be ordered by the Amalgamated Association. The conference will probably take place next Saturday. If a strike is ordered nearly 100,000 men will be affected.

New Frankfurt Items.

NEW FRANKFORT, Ind., April 20.—The course of Charles L. Jewett is endorsed by the voters of Scott County. He has made a good speaker.

Mark Storen, of the Lexington Journal, has been appointed mail agent on the O. and M. Railroad. He runs from Cincinnati to Louisville and return. Mark was Chairman of the Scott County Democracy during the late campaign. The award is a worthy one.

Professor W. H. Goodall, late of the Wisconsin State University, lectured here Saturday evening, April 18. The Professor is a talented speaker. His descriptions of heroes illustrative of will power are sublime in the highest degree, his inspiration and dramatic power are tremendous. As this young orator turned in his preparation with blazing encouragement to the hard working, poor boys, his eye beaming with sympathy, the audience involuntarily rose to their feet, so enthusiastic was the cheering. We predict for him a bright future. He is truly the young man elegant.

Hon. Daniel Beecher is still among the possibilities for the next Legislature.

Destructive Fire.

SULLIVAN, Ind., April 20.—The most destructive fire in the history of Sullivan occurred this morning at half-past 2 o'clock, consuming that beautiful part of our town known as Mascoe Block, the American Hotel and two small frame buildings. The Mascoe lost everything, even the record and charter. The Sullivan Times office was burned, not even a pen-holder being saved. The Mascoe Hotel was the finest building in the town. Loss, \$30,000; insured for \$25,000. The total loss is \$5,000; insured for \$15,000. James L. Berig, ex-County Sheriff, was very seriously injured by the falling timbers of one of the burning buildings.

Heavy Failure.

St. Louis, April 20.—R. R. Foster & Co., tess, made confessions of judgments to-day aggregating \$26,000. Foster also disposed of individual property. Later in the day Foster & Co. made an assignment to R. D. Lancaster, transferring their stock of teas and cloths and also a herd of Jersey cattle, the property of R. R. Foster. The assets are sworn to be about \$125,000, while the liabilities are said to be \$200,000. The cause of the failure is alleged to be the pushing of Eastern credits.

Spinning Mills Burned.

PHILADELPHIA, April 20.—A fire broke out in the raw stock department of R. Greenwood & Balz's Spinning Mills, at Frankford, this forenoon, and the whole department was totally destroyed. The loss is estimated at about \$30,000, and is covered fully by insurance.

Everything Quiet at the Isthmus.

WASHINGTON, April 20.—Secretary Whitney has received the following telegram dated the 18th inst. from Admiral Jonett: "The situation is unchanged. Everything quiet on the Isthmus. Beardless reports no fighting around Cortegena for a fortnight."

Illinois Legislature.

SPRINGFIELD, April 20.—In the joint session of the General Assembly, thirty-four votes were cast. Morrison, 18; Logan, 10; Richard W. Townsend, 3; A. McCraig, 1; John C. Black, 1; Henry S. Bontwell, 1.

Important Decision.

WASHINGTON, April 20.—The Supreme Court of the United States rendered a decision to-day in the Virginia coupon tax cases, which was in favor of the bondholders and against the State on all material points.

An Embezzler.

PITTSBURGH, April 20.—A. G. Mechling, for many years a trusted clerk in the employ of Welby Bros., carpet dealers, was arrested to-day on a charge of embezzling \$5,000 of the funds of the firm.

Instantly Killed.

CLEVELAND, April 20.—August Powell, aged seventeen years, while oiling machinery in Bourne & Knowles' bolt works this morning, was struck by a fly-wheel and instantly killed.

Burned to Death.

SYRACUSE, N. Y., April 20.—The Exchange Hotel and Lutheran Church at Lyons burned this morning. Calvin Porter, of Seneca Falls, perished in the flames. Loss, \$15,000.

Nora's Balance.

(Harpers Magazine.)

Last summer, during the excitement owing to bank failures in Indianapolis, I was watching the anxious crowd besieging the doors of a bank that was supposed to be in danger, when I overheard the following dialogue between an Irish woman and her husband: "Nora, draw yer money out." "An' shure, Patrick, I won't." "But Nora, you must draw it out." "Faith an' I won't draw me money out at all." "Nora, an' don't ye see know they'll lose yer money for ye if ye don't draw it out?" "An' shure, Patrick, ain't they better able to lose it than we are?"

"Nora, ye are evidently overpowered with this last astonishing and unanswerable argument, and they both left the scene apparently satisfied. Fortunately the bank survived the pressure, and its ability to lose Nora's balance was not practically tested."

Moonshine.—This desert combines a pretty appearance with palatable flavor, and is a good substitute for ice cream. Beat the whites of six eggs in a broad plate to a very stiff froth, then add gradually six table-spoons of powdered sugar, beating for not less than thirty minutes; then beat in about one heaping tablespoon of preserved peaches cut in tiny bits (soft, ripe, fresh fruit is better if you can get it, or some use one cap of jelly). Set on ice until thoroughly cooled. In serving, pour in each saucer some rich cream sweetened and flavored with vanilla, and on the cream place a liberal portion of the moonshine. This quantity is enough for eight persons.

Salvation Oil, the greatest cure on earth for pain, has made a most brilliant debut. All dealers in medicines sell it at 25 cents a bottle.

PRICKLY HEAT BITTERS

The majority of the ills of the human body arise from a disarrangement of the Liver, affecting both the stomach and bowels. In order to effect a cure, it is necessary to remove the cause. Irregular and sluggish action of the bowels, Headache, Bitchiness at the stomach, Pain in the Back and Loins, etc., indicate that the Liver is at fault, and that a cathartic is required to remove the cause.

Prickly Heat Bitters is a cathartic compounded for this purpose. They are mild in their action, and effective as a cure; are pleasant to the taste, and taken easily by both children and adults.

Prickly Heat Bitters is a cathartic compounded for this purpose. They are mild in their action, and effective as a cure; are pleasant to the taste, and taken easily by both children and adults.

BEE-HIVE PLANING MILL,
73 Pendleton Avenue.

M. S. Huey & Son,
Manufacturers and Dealers in

Doors and Sash,
Frame Lumber,
Shingles, Etc.

All Manufactured Work for Exterior and Interior Furnishings.

HAPPY RELIEF

Specifically obtained at all stages of Chronic diseases, embracing the various forms of Skin Diseases, Rheumatism, Scrofula, Primary and Secondary Syphilis, Gleet, Impotency, Seminal Weakness and Spermatocystitis permanently cured. Skill and experience can be relied on, as I am a graduate of medicine and surgery, and longer located in this city than any other physician in my specialty. I have made a special study of Female Diseases and their treatment. Can give permanent relief in inflammation or ulceration of Womb, Fallopian and Suppressed Menstruation. Reliable Pills, with full printed directions, sent to any address for \$1 per box. Consultation free and invited.

F. M. ABETT, M. D.

No. 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100.

THE MERCANTILE AGENCY.

R. L. SCARLET, Manager.

No. 6 Blackford Block.

The oldest, the best, the most progressive and the most reliable establishment of the kind in the world, having 103 branch offices fully equipped and in good running order, or three to one more than any other Agency has of actually live offices. For over 41 years we have enjoyed an unblemished reputation for honesty, reliability and fair dealing, and we have unlimited resources for conducting our business successfully. We invite a test of our quality by the merchants of Indianapolis.

R. G. DUN & CO.

Read the testimony of one of the sufferers. David Little, Sumner, Benner Co., Iowa, writes:
